" Introduction "

Galgotias University exemplifies the essence of Sustainable Development Goal 17: Partnerships for the Goals, by forging robust alliances across academia, industry, and global institutions. Acknowledging that no challenge of sustainability can be tackled in isolation, the university cultivates strategic collaborations that transcend boundaries. Through global summits, international conferences, and scholarly consortia, Galgotias demonstrates the profound strength of collective action.Flagship programs, such as the International Day of Peace Poetry Recitation Ceremony, amplify diverse voices in the pursuit of harmony, while interdisciplinary research under the Value-Added and Peace Education Program underscores the intellectual synergy required to confront complex global dilemmas. Strategic alliances with corporate entities and NGOs empower students to immerse themselves in pragmatic initiatives, from Invisible Disability Rights advocacy to campaigns addressing gender sensitivity and harassment prevention.Galgotias University fortifies its commitment to sustainability through uncompromising collaboration, proving that enduring progress rests upon unified and resolute partnerships.

A Milestone Year of Excellence and Global Acclaim with Times Higher Education and QS Rankings

In 2024, Galgotias University achieved remarkable milestones that align with SDG 17 by fostering global collaborations and delivering impactful educational outcomes. With over 4,500 students placed in 750+ esteemed organizations, the university has strengthened industry-academic linkages, driving professional growth and innovation. Home to 40,000+ students on a state-of-the-art 52-acre campus, Galgotias remains a hub for knowledge exchange and international engagement. The university's recognition as the 45th top institution in India by Times Higher Education and its prestigious inclusion in the QS Asia Rankings 2025 reflect its commitment to global standards of academic excellence. By collaborating with leading organizations, nurturing industry-ready graduates, and fostering cross-border partnerships, Galgotias University exemplifies the spirit of SDG 17—revitalizing global partnerships for sustainable development. Through these initiatives, Galgotias is empowering the next generation to address global challenges and create a brighter, sustainable future.

Galgotias University Partners with Apple Inc. to Establish State's First iOS Development Centre
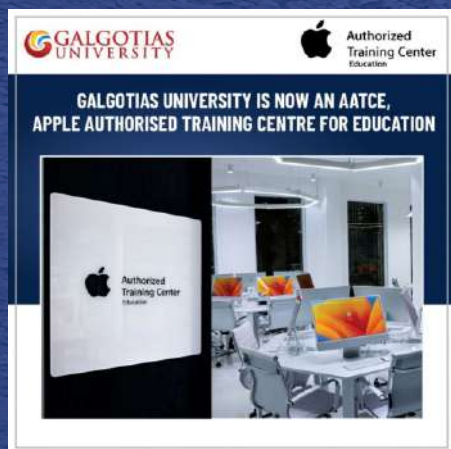

Strengthen the means of implementation and revitalize the global partnership for sustainable development.

Galgotias University has proudly signed a landmark Memorandum of Understanding (MoU) with Apple Inc., marking a significant step toward advancing technology education and innovation. This collaboration establishes the first iOS Development Centre in the state, a state-of-the-art facility designed to equip students with cutting-edge skills in iOS application development. The MoU symbolizes a strategic alliance aimed at fostering excellence in education, integrating Apple's global expertise in design and technology with Galgotias University's commitment to academic innovation. This partnership not only enhances the university's curriculum but also provides students with unique opportunities to engage in hands-on learning, entrepreneurial ventures, and exposure to industry best practices. The initiative underscores Galgotias University's vision of bridging the gap between academia and industry, paving the way for transformative contributions to the field of technology.

" Galgotias University and Samsung Electronics: Advancing Industry-Academia Collaboration for Sustainable Development "

Galgotias University partnered with Samsung Electronics to enhance workforce capabilities through an innovative upskilling initiative, aligning with SDG 17's focus on partnerships for sustainable development. The collaboration introduced two specialized programs—"Certificate in Office Automation" and "Diploma in Industry Automation"—designed jointly by academic professionals and industry experts to address evolving trends in the automation sector. Dr. Dhruv Galgotia, CEO of Galgotias University, highlighted the transformative potential of this strategic MoU, emphasizing its role in equipping Samsung employees with critical skills for a digital and automated future. This partnership reflects Galgotias University's commitment to fostering impactful global collaborations, advancing education, and bridging the gap between academia and industry for sustainable growth.

Collaborative & Active Learning Spaces in collaboration with Nanyang Technological University, Singapore

Galgotias University, in partnership with Nanyang Technological University, Singapore, proudly launches India's first Active Learning Spaces under the G-SCALE (Galgotias Student Centric Active Learning Ecosystem) model. This initiative fosters critical thinking, practical engagement, and global readiness, empowering students with experiential education. Under the visionary leadership of Higher Management of Galgotias University, this collaboration exemplifies innovation through global partnerships, aligning with SDG 17's call for strengthening international cooperation. By integrating world-class resources and active learning methodologies, Galgotias University reaffirms its commitment to shaping a future-ready generation and setting benchmarks in global education.

17 PARTNERSHIPS FOR THE GOALS

A Transformative Partnership with Google Cloud

Galgotias University has entered into a strategic Memorandum of Understanding (MoU) with Google Cloud Platform, aiming to integrate cutting-edge cloud technologies into the academic and research ecosystem. This partnership provides access to advanced computing, data storage, analytics, and machine learning solutions, empowering students and faculty to innovate and enhance capabilities in data-driven research and computational sciences. With this collaboration, the university positions itself as a hub for excellence in cloud computing, fostering growth in technology-driven problem-solving. This MoU underscores the university's commitment to advancing education and research through transformative partnerships, supporting SDG 17.

ANVESHAN 2024: Igniting Minds, Inspiring Innovation

Galgotias University proudly hosted ANVESHAN 2024 in collaboration with the Association of Indian Universities (AIU). This prestigious North Zone Student Research Convention brought together over 700 students representing 40+ universities, offering a dynamic platform to showcase groundbreaking research and catalyze academic discourse. By convening innovative minds and fostering intellectual exchange, the event underscored the pivotal role of research in higher education as a driver of societal progress and technological evolution. Galgotias University reaffirmed its commitment to nurturing critical thinking, innovation, and academic excellence, contributing significantly to the nation's development goals while strengthening its reputation as a hub for research and innovation.

Galgotias University and IBM Forge Strategic Alliance for Pioneering Technological Solutions

Galgotias University has entered into a pivotal collaboration with IBM, catalyzing advancements in AI, cybersecurity, and data storage. This partnership seeks to equip students and faculty with unparalleled access to IBM's state-of-the-art resources, driving academic and industrial innovation. By fostering such synergies, the alliance reinforces SDG 17, enhancing global partnerships and contributing to transformative technological progress.
